

Overseas regular transfer plan.
Plan for more.

currencies direct

money without frontiers

Whether you need to pay an overseas mortgage, transfer your UK pension abroad or even just send money to cover your living expenses, Currencies Direct can save you money. We completely remove the hassle from your regular payments.

Ideal for:

- Overseas mortgages
- Pension transfers
- Living expenses
- Paying maintenance costs
- Paying salaries
- Any regular outgoing in a foreign currency

Pay less, receive more. It's that simple.

Free transfers

Most banks typically charge between £10 and £40 on every monthly transfer. We feel strongly that you shouldn't have to pay for the privilege of sending your money overseas – that's why we offer free transfers.

No hidden cost in the exchange rate!

On small amounts a bank will normally use a tourist rate, this is quite similar to the rate you would receive when purchasing your travel money at a bureau de change. Currencies Direct offer commercial rates on all regular transfers, giving you more and costing you less.

No commission

There is no commission charge when making regular transfers abroad through Currencies Direct, regardless of the amount.

Low minimum amount

The minimum amounts can be as low as £150 for monthly or quarterly transfers.

Peace of mind

Once you have set up your Overseas Regular Transfer Plan you can sit back and relax safe in the knowledge that each month your money will automatically be taken by Direct Debit and transferred to your chosen account – so you won't have to lift a finger.

Would you like to save over £387 a year on your overseas regular transfers?

For example, a typical monthly transfer of £800 to Euros through Currencies Direct with no fees, no commission and great rates compared to a typical high street bank will save you...

Time period	Amount of Euros using your bank	Amount of Euros using us	Euro gain with CD
1 year	€10,124.50	€10,560.00	€435.50
2 years	€20,300.50	€21,120.00	€819.50
3 years	€30,476.50	€31,680.00	€1,203.50
4 years	€40,652.50	€42,240.00	€1,587.50
5 years	€50,828.50	€52,800.00	€1,971.50

Figures are for illustration and based on actual exchange rates and fees as of 16th November 2009.

Total savings based on Currencies Direct rate of 1.10 compared to a high street bank rate of 1.06 and £25 transfer fee.
